Dealer/ Distributor

Our product embraces the inherent charm of your space, showcasing unique characteristics like color variations, natural textures, irregular weaves, and subtle shadings. These traits are deliberately integrated and should be appreciated as distinctive attributes rather than perceived as flaws. Our utmost diligence has been devoted to furnishing precise descriptions and technical specifications, and we sincerely apologize for any inadvertent errors or omissions. Kindly note that technical specifications and product details may be subject to change without prior notice. To ensure uniformity in color, we recommend using materials from the same production batch. Be assured, our company guarantees the absence of manufacturing defects in all our products, affirming their suitability for standard use. However, it's worth noting that there may be a dimensional tolerance of up to +/-10%.
